

Legian Beach Hotel - Beach Cleaning Day

Morning glow at Legian beach...

First Friday of every month when the sun starts to shine, when the day activities have just begun and that day provides an opportunity for Legian beach hotel staffs and distinguished guests to help improve the quality of the Legian beach environment and make it a cleaner space for all.

It is called beach-cleaning day, one of the activities that our guests could experience and give a rewarding contribution to the environment especially to keep the Legian beach clean. The cleaning activities start at 07.00 in the morning in front of our Indonesian Lais restaurant then continued to the Legian beach.

The cleaning activities take about 45 minutes and ended by having Indonesian breakfast together with participating guests in our tropical garden. the recent activities was on 05 November 2010 and we would like to recognize Mr/s Dennis Schaefer who have participated in this ongoing environmental efforts.
