

Official Statement of Ministry of Tourism on Jakarta Mass Protests

Jakarta, 22 May 2019 – The Indonesia general election result announced on May 21st was followed by a mass protest in some areas in Central Jakarta causing road closure and public transportation not operating normally. Regarding this situation, Ministry of Tourism of Indonesia would like to advice all tourists going to or currently in Jakarta to avoid mass concentration points around Medan Merdeka, M.H Thamrin, Sudirman, and Tanah Abang streets. Please keep your information updated only from government official channels, such as @PolhukamRI and @TMCPoldaMetro. We wish you a pleasant stay and holiday in the other parts of Jakarta and Indonesia.
